The Rocky Mountain Social Science Association

THE ASSOCIATION: The Rocky Mountain Social Science Association was founded in 1958, when it became independent of the Colorado-Wyoming Academy of Science, with which it had been affiliated since 1927. The purpose of the Association is to foster professional study, advance research, and promote the teaching of the social sciences in the region served by the Association.

MEMBERSHIP: Membership in the Association is open to all persons who share the aims and interests of the Association. Annual dues are as follows: Professional (regular) membership, $3.75; Husband-and-wife membership, $4.00; Student membership, $2.00. Membership includes a subscription to the official publication of the Association, THE ROCKY MOUNTAIN SOCIAL SCIENCE JOURNAL. Husband-and-wife members receive a single copy of the JOURNAL. Communications regarding membership should be sent to the Secretary-Treasurer.

THE ANNUAL MEETING: Annual meetings of the Association are held each spring at a regional institution of higher learning. Meetings are devoted to the presentation of papers and a business meeting. Prospective participants in the program of the annual meeting should contact the appropriate program chairmen or the President of the Association.

PUBLICATIONS: The Association publishes THE ROCKY MOUNTAIN SOCIAL SCIENCE JOURNAL semiannually in April and October. The JOURNAL publishes selected papers presented to the annual meeting and other contributions from scholars in the region served by the Association dealing with the social sciences, individual disciplines within the social sciences, and interdisciplinary studies, as well as book reviews, communications, notes, and commentaries. Prospective contributors should request from the Editor a copy of the JOURNAL'S editorial policy statement and style sheet before preparing material for submission.

Periodically the Association also publishes a newsletter reporting developments in the region served by the Association of interest to its members.
